LEADERSHIP DEVELOPMENT • COLLEGE READINESS • CAREER EXPLORATION

We are committed to preparing student leaders who are equipped for success in college and in their communities. In addition to demanding classes that place an emphasis on critical thinking, problem solving and college readiness, we provide opportunities ranging from SAT prep to internships that are made possible through the dedicated support of local businesses and community organizations.

LEADERSHIP DEVELOPMENT

Opportunities for our students to develop real-life leadership skills extend beyond the classroom and into the community. Mentors and business leaders coach students in entrepreneurship, public speaking, emotional intelligence, cultural awareness and business acumen. Students participate in multiple projects and they collaborate with peers and community stakeholders to arrive at solutions for some of society's biggest issues. Our students graduate with the courage and confidence to be the change makers in their own communities and beyond.

COLLEGE READINESS

Preparing students for success beyond ECS is at the core of what we do. Organization, study skills, and team collaboration are emphasized in every grade level and class. Students complete college-level research projects, visit numerous colleges, are provided with SAT prep and are supported through every step of the college application process. A network of peers links our alumni and parents. College-bound seniors learn about the college experience including financial aid, independent living and seeking resources and support on their college campuses.

CAREER EXPLORATION

ECS brings together local businesses and organizations to provide multiple opportunities for students to explore and develop skills that will lead them to their future careers. Students participate in internships and job shadowing and, through the Green Ambassadors Internship program, even acting as sustainability consultants for local businesses.

BE BOLD
MOVIN' ON UP

PRESENTED BY ECS' SCHOOL-TO-CAREER INITIATIVE

STAY TUNED FOR OUR ANNUAL CAREER DAY

- **Business and community leaders** turn into teachers for a day and rediscover some of their own life lessons and inspiration.
- **Students explore and connect** academic and environmental subjects, school activities, aspirations and interests with potential fulfilling careers.
- **Organizations and companies source prospective interns** and share their corporate social responsibility initiatives.
- Students share their experiences and seek advice about real world challenges they may encounter as they pursue the career of their dreams.
- **Speakers network and collaborate** with one another to build on ideas and create opportunities that can shape future work and cultivate meaningful connections.

WHAT ECS STUDENTS HAVE TO SAY ABOUT CAREER DAY...

“The speakers were very impressive and gave me useful tips on etiquette in the business world.”

- Kylie

“Now, I have a clearer mind about what I’m going to be doing in the future...”

- Tiffany

“I was amazed to see how a journalist and a reporter are able to cause change and spark a form of revolution!”

- Pedro

“The advice regarding interviews and first impressions will stick with me and be really useful in the future.”

- Jesse

A photograph of three young people, two girls and one boy, posing in front of a blue building. The building has a sign that reads 'set goal change the world'. The girl on the left is wearing a dark blue shirt and khaki pants. The girl in the middle is wearing a white shirt. The boy on the right is wearing a white shirt. They are all smiling and looking at the camera. The building has a large window and a blue sky is visible in the background.
