RA Mini Lesson with Mrs. Penka

Mrs. Penka uses multiple online platforms, such as Actively Learn and YouTube, in order to make RA strategies available to students during distance learning. In this clip you can see Mrs. Penka referencing a strategy poster for listening to speeches that she made with her students, and her modeling using these strategies for them. You can also see her pulling out all the stops to engage her kids during distance learning, such as sound effects, crazy hats, and using a wand as a pointer.
